

OUR SUSTAINABILITY JOURNEY

We are committed to ensuring our hotel operates in an ethical, responsible and sustainable way.

We are on a mission and have made positive changes to reduce our environmental impact as much as we can.

Below are some of the ways we go 'GREEN'.

You can help us on our journey by getting involved with some of our green initiatives too!

We recycle your bedroom waste - just leave recyclables next to the bin or in the dedicated section

We are eliminating single-use plastics throughout the hotel and any plastic used will be recycled

We are committed to energy efficiency - help us by turning your lights and AC/Heating off when you leave your room

We use eco-friendly chemicals and laundry detergents

Help us reduce the amount of food that we have to throw away by reducing waste at the breakfast buffet

Help us reduce our water usage and opt-out of daily housekeeping by displaying the tree-hanger outside your bedroom door

We encourage the use of public transport to reduce carbon emissions

Carefree

We support our two company charity-partners as well as our hotel's local charities to give back to our local community. Speak to a member of our team for details on how you can support too.
